Missionaries to Panama

June 2018

He has done far more

...than we could have asked for or imagined...

It is so amazing to reflect upon the last 4 years here in Panama. We arrived in the spring of 2014 with a blank slate before us and hearts and minds full of dreams.

The national church had asked us to restart their Teen Challenge **reconciliation and restoration** ministry. It is exciting to see them now embrace Vida Libre (Living Free) as a national Panama AG ministry.

We traversed the nation **providing training** in local churches. The vision was shared over and over and everywhere we traveled, for a ministry that encompasses **training, outreach and ministry** in the church, outside the church and in residential centers. Your prayers and ours joined with **the prayers** of our national ministers here in Panama have moved mountains. They have provided the foundation for a national ministry that will equip the church to reach people who hurt and struggle with life controlling problems.

We have officially transferred the ministry over to Panamanian leaders and are **walking along side** them the last few months while we are in Panama.

Continue to pray as we transition back to the US for itineration:

- For the Panama national leaders
- US housing and vehicle
- Health and safety
- God's continued favor

We look forward to seeing you during our 2018-2019 itineration

Thank you for walking this journey with us!
