

# David & Marie Turner

December 2020

## Missionaries to Guatemala

"Then they cried to the LORD in their trouble, and he delivered them from their distress. He brought them out of darkness and the shadow of death, and burst their bonds apart." *Psalm 107:13-14*

### I know the plans I have for you... even in 2020!

This certainly takes on a different meaning in December than it did for us in January. Like you and billions of others, 2020 has brought us some twist and turns, frustrations and restrictions, but also some amazing **open doors and God moments**.

One of these God moments is God's timing to begin building a Women's TC we call "**Hogar Vida Libre.**" 2021 is the year to begin, in collaboration with our PCOG missionary friends the Miltons, we will begin to build this women's home. God has put it on the hearts of their National Church Leaders to give us land at their bible school to build this restoration and transition home for 30 women. God is melding together 2 visions, 2 dreams and 2 organizations to rescue women from drugs, abuse and sex trafficking and see them transformed and reconciled to their Heavenly Father.

This is so awesome and beyond us. We need Christ's body to get behind this to see **God's daughters brought home**. We need you to pray, to battle, to give and to bring a team. We will be sharing much more as things develop, but for now believe with us for \$32,000 to begin phase one of the construction.

We are super excited to see what other God moments 2021 will bring!

**May you have a Merry Christmas and a blessed 2021!**

Together for the Harvest,

*David & Marie Turner*

future Vida Libre Home for Women and leaders in training

**Relief Effort Update:** 2020 has been nothing like any of us expected. Guatemala has seen difficulties due to COVID-19 restrictions and recently hurricanes ETA and IOTA. We want to say thank you to those who have given above and beyond to us and to our supporting agencies. This year we have been able to deliver much needed aid, prayer, and support to people dealing with the challenges that they have faced this year. Even though this year did not unfold as planned, doors to minister have been opened and we are grateful to serve the people and national church of Guatemala during these challenging days.
